

Ruskin Mill Trust successfully provides innovative and integrated specialist day and residential provision for young people (16-25) who need focused expertise and practical solutions to engage fully in their lives.

An exciting opportunity has become available to join the committed teaching team as a Farm Tutor of Biodynamics based at Coleg Plas Dwbl at the foot of the Preseli Mountains in the Welsh countryside.

Farm Tutor, Biodynamics

Grade MS1:MS4 FTE Salary £19,446 : £29,117 per annum,
40 hours per week, 52 weeks per year or 38 weeks per year may be considered
(starting salary is subject to qualifications and experience and will
be pro rata if working 40 hours per week, 38 weeks per year)

We are looking for an experienced practitioner (with biodynamic experience or not where full training will be provided) who is enthusiastic, organised and motivated with experience of working with people with differing needs, farming, livestock care/production and people management, which they can bring to an innovative agricultural learning environment.

The successful candidate will be responsible for the delivery of teaching and learning in this core subject within a practical skills environment.

To undertake this position successfully you will ideally have:

- Knowledge of specialist education.
- Experience of biodynamics in an educational setting would be an advantage.
- Experience of teaching learners with learning difficulties and/ or learning disabilities will be an advantage.
- The ability to support young people access the community to enable them to reach their full potential.
- You must be able to instil enthusiasm and enjoyment into the learning process in such a way that can lead to increased self-esteem and enhanced engagement in learning.
- To track and evidence progress and outcomes for learners. Support to achieve this will be available.

The role offers a great opportunity to the right candidate;

- a rural outdoor working and living setting with a wide diversity of colleagues;
- teaching skills and sharing experience with students, other biodynamic tutors/colleagues and college staff;

- the chance to work with the College Management Team and Biodynamic Land Manager to shape the curriculum;
- Full training will be available to train in biodynamics and other key role requirements;
- There will be a requirement to undertake the internal 2-year biodynamic training programme.

Closing date: 19th February 2018
